Keep your contacts up to date

If you have changed address or contact details can you please update your child's records at the school office? Email addresses with Paradise and Clear no longer exist. If you haven't already downloaded the school app I recommend you do so. It is a great tool to use to notify the school of your child's absence. You can access school notices, calendars and text alerts from the app and it's free!

Messages for Students

Term 1 is particularly busy with students out at swimming and trips in the afternoon. If you need to get a message to your child it is better to call early in the day or better still make arrangements with your child before school.
